Enquiry No. 7003—E.D. 917.

Portable phase shifter for Electric Laboratory.

Gentlemen,

No. S. P. C. 28590—619. I request you to be so good as to intimate your best present day price and the earliest time of delivery for the portable phase shifter specified below :—

Item 1 :—1 Portable Phase Shifter with hand wheel and regulator indicating scale, 400-500 V.A. capacity, suitable for use on 25 cycles, 3-phase, 110 : 110/220 : 220 V. or 115 : 115/230 : 230 V. capable of carrying 5 amps. continuously on either side and establishing any power factor between zero lag, Unity Zero Lead.

Item 2 :—1 Similar to item No. 1 but for 50 cycles.

The phase shifters are required for testing single and polyphase Watthour Meters and for the calibration of Power Factor Meters and to secure any desired power factor adjustment. The phase shifters are to be similar in construction to a polyphase Induction Motor having a stator and rotor. The rotor should not revolve continually or spin as in a motor, but should be capable of being rotated and held stationery in any position. A graduated scale to indicate the P. F. between zero lead, Unity and zero lag in one degree steps is also to be provided. The phase shifters should be capable of being set to any Power Factor on the scale and remain unaffected, while conducting tests by the intensity of lead current.

Both the primary and secondary circuits of the phase shifter are to be connected to binding posts on a terminal plate mounted on top of the phase shifter. From the terminal plate the supply current enter the primary coils by means of brushes and collector rings while the secondary coils are wound on the stator and deliver their current to binding posts on the terminal plate.

The phase shifter is to be mounted in a nicely finished hard wood case with cover and carrying strap. The operating crank be capable of being removed and placed inside when not in use.

The phase shifter should be furnished with a terminal arrangement so that it may be used as a polyphase induction regulator also.

Your quotation must be accompanied with descriptive literature of the material offered without which no quotation will be considered. The materials should fully conform to the latest B.S.S. or A.I.E.E. standards.

The latest type of phase shifters may be offered fully describing the type offered giving complete specifications and operational features.

Your quotation should be submitted in duplicate superscribed as "Quotation for Portable Phase Shifter" so as to reach this office not later than 17th August 1946.

The Firms dealing in Hydrants.

Enquiry No. 7667.

Subject :—**Hydrants.**

DEAR SIR/GENTLEMEN,

No. S. P. C. 165-76. Please be good enough to intimate your best prices and the earliest time of delivery for the materials described in the undermentioned schedule, in the form printed below :—

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following condition :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed "Quotations for G. M. Hydrants" with the above enquiry number.

The enquiry will be closed on the 25th July 1946.
